CONFIDENTIAL.

With one file.

The Palace, Mysore,
15th July 1922.

My dear Sir,

His Highness has perused with interest your note on the Agency question, and desires me now to communicate his decision to you in the matter.

His highness ~~recognises~~ realises the force of your arguments in favour of the scheme, but he feels that it will be quite sufficient if a beginning is made with only one Officer. If the experiment proves a success, the organisation can easily be strengthened and its scope of work widened, as actual experience may suggest.

His Highness's choice has fallen on Mr. P.C.D'Souza for the appointment in question. He may be tried there for six months or a year, (as you may decide) and confirmed at the end of the period, if his work is found to be satisfactory.

Yours sincerely,

S/. Mirza M Ismail
